### VIP Parking Space Auction

Get that coveted private parking space in front of the clubhouse entrance! Every six months we auction two reserved parking spaces to benefit the House Committee, which uses the funds for improvements to the Clubhouse. Bidding is now open for the March through August, 2010 period. Please submit your bids to Phyllis Golas in the office. Closing date for bids is February 28, 2010.

### RPYC Storage

Now that the clubhouse renovation is complete, the fire marshal will not allow us to store any flammable material in the "interstitial" (mezzanine), and we had to return the pods in the parking lot to obtain our Certificate of Occupancy. We have reserved temporary off-site storage units for the holiday decorations and other items. The House Committee is developing a storage plan; all RPYC organizations that have storage needs will have to be accommodated. Longer term, we may be able to expand the existing storage building adjacent to the condominiums. Please contact me if you have any special storage needs.

### Nametags Help Us Socialize

Please wear your name tags while at the Club. Don't make anyone feel embarrassed because they don't remember your name! Nametags contribute to our warm, friendly atmosphere. You may have been a member for a while, but we always have many new members who would like to meet you! Order extras to keep in your cars so you will always have one with you (see Phyllis). We invite all RPYC members to join the House Committee. Come to our next meeting, Thursday, February 11, 2009 at 10:00 a.m. New members and returning members are welcome!

A heartfelt thank you to all those who helped not only putting our Christmas decorations up, but also taking them down. I hope everyone had a wonderful Christmas and wish the best to you in the New Year.

Our projects are progressing nicely under the leadership of PC Bob Minahan on Grounds with the rip rap, the irrigation rehab and with the masterful help of Linda Mattos, the planning and replacement of our older foliage with new and native plantings. Rick Scheinert has been diligent in assessing needs to improve our Building standards and Gary Tapken is ever watchful of the Harbor needs.

Thanks to those who relay, to me or the Committee, items of concern that we can work on to keep RPYC in great shape. Looking forward to seeing you at the Club.
