## Buildings, Grounds & Harbor Committee

Rear Commodore Pat Roush, Chairman

---

Another April has come and gone and we are still continuing to address needed items in Buildings Grounds and the Harbor. Our new life rings and safety lines are in place in the harbor and we are currently working on grant participation to get our holding tank pump out system not only operational, but significantly up-graded. We are working also on refurbishing our storage buildings entrances and continue working on the outside landscaping. The committee members have been great not only in meeting attendance but jumping right in when work needs to be done. Keep up the good work !!!

Don't forget that through the end of June our Slip lease special is that with an 18 month lease every 3<sup>th</sup> month is free!!! That's 18 months for the price of 12. This applies to new leaseholders.

See you at the Club!!
