

# Club Manager's Report

- Jason Little

We are having great reviews on Chef Reuben's summer menus. Although he is fully capable of cooking the classical dishes he really enjoys putting most of his energy in a more modern fission style of cuisine. The Taste of Royal Palm will be held on July 3rd and will allow you the opportunity to taste many of the new dishes. Please continue to use your comment cards as they are used to improve club services.

Starting this month we will be offering the Evening Galley menu. This menu will be offered on Wednesday and Thursday nights and will consist of your club favorites. We will continue to offer some great specials all summer long so come out and join us.

If you are planning to have a Christmas party with us this year, please secure your date soon. With our newly renovated Club we are now a destination and many dates are already starting to fill up. Do not forget that special banquet pricing applies to our members.

As a reminder, we are in casual dress mode for the summer. House rules say that shorts can be worn in the dining room for lunch service, but in the evening men should wear slacks and collared shirt. The lounge is always OK for boating attire.

## JUNE Employee of the Month JUSTIN PUTERBAUGH

Have you noticed a change in our dessert offerings lately? Fresh baked pies, cakes and tarts are just a few items that Justin personally takes care of here at the Club. His education and hands on experience have played a large role in taking our dessert offerings to the next level. Next time you are in the Club, please give Justin a big thanks for a job well done.
